

Dear Friend,

October 2005 has been a tragic month for thousands of families in Mexico and Central America. Hurricanes “Stan” and “Wilma” have left thousands of people without homes or shelter, without jobs and without their livelihood not to mention the many victims who have lost their lives.

Today we have the opportunity to make a difference in their lives. We are all coming together in a joint effort of solidarity to achieve the greatest possible benefit for these hurricane victims.

Together we invite you to join this effort: “*Let’s Lend a Helping Hand*” (“*Vamos a dar una Mano Amiga*”). This social outreach project stretches beyond national boundaries to offer help to thousands of underprivileged children and their families who have lost everything... or almost everything in this terrible disaster since they know that they can count on us, that our Helping Hand will make it possible for them to emerge from this tragedy and have a second chance at new opportunity.

Your help is extremely important. Today you can help make a difference between the tragic misery of so many victims and the possibility of rebuilding their lives and offering them a breath of hope.

We are counting on your support and generosity!

Thank you.
